WORK EXPERIENCE

Mobile Developer

Naksha (E-commerce textile startup)

10/2021 - 04/2022

Ariana

Achievements/Tasks

- Designed a mobile portal for naksha customers, in addition to the web version, by using Google Flutter.
- Established the backend logic for an ecommerce website using Google Firebase for realtime updates and persistent data.
- Testing the mobile app in different platforms by deploying the app in the appropriate emulator.

Mobile Developer

Naksha textile

10/2021 - 04/2022

Ariana

Achievements/Tasks

- Designed a mobile portal for naksha customers, in addition to the web version, by using Google Flutter.
- Established the backend logic for an ecommerce website using Google Firebase for realtime updates and persistent data.
- Testing the mobile app in different platforms by deploying the app in the appropriate emulator.

Software Developer

Ministry of Social Affairs

06/2021 - 08/2021

Tunis

Achievements/Tasks

- Developed a service that detects vulnerabilities of hundreds of equipment by analyzing their logs collected in a database.
- Created weekly reports using SQL to extract data from a database, similar to the most recent data. Used Excel to cleanse, analyze, and format the data.
- worked with other groups to ensure continuity and coverage of the other departments.

EDUCATION

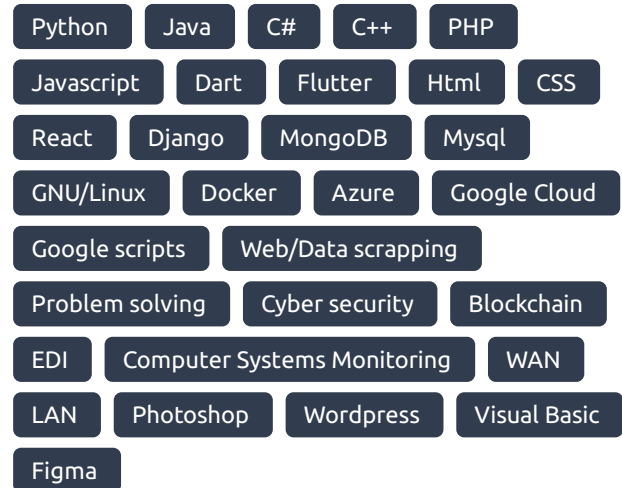

Engineering Degree in Infrastructure Development and Communications Services
SUPERIOR INSTITUT OF INFORMATICS

09/2019 - 06/2022

Bachelor's Degree in Computer Systems
SUPERIOR INSTITUT OF INFORMATICS

09/2016 - 06/2019

SKILLS

PROJECTS

DIGITAL E-commerce

- Launched an online store with over 150 digital products.
- Implemented a custom system to manage stock replenishment and providers at the same time via python automated scripts, which resulted in a dramatic improvement of in-stock inventory.
- Increased sales through organic search and social media marketing campaigns by 30%.
